CAREER OBJECTIVE

As a React developer, I aim to contribute to a collaborative team in implementing intuitive user interfaces. Eager to learn from peers while sharing my own skills, I possess a strong willingness to deliver high-quality code while adhering to team conventions.

SKILLS

Expertise: HTML | CSS | Bootstrap | Tailwind | JavaScript | ES6 | React | Python | Django

Comfortable: C++ | MongoDB | MySQL | Firebase | npm | OOP

Familiar: Express | Node | Tanstack Query | Axios Interceptor

Tools: VS Code | Linux CLI | Git & Github | Netlify | Vercel | Figma

Interpersonal Skills: Collaborative Problem-Solving | Attention to Detail | Active Listening

PROJECTS

Artics Summer Camp - A full-stack website enabling students to explore and enroll in classes for summer camp. [Livesite](#) | Code Repositories: [Client](#) | [Server](#)

Main Features:

- Role-based dashboard for regular users or students, admins and instructors.
- Role-based CRUD operations for students, admins and instructors.
- Visually appealing dark-theme and engaging animations.

Technologies: Tailwind, DaisyUI, ReactJS, Tanstack Query, ExpressJS, MongoDB, Firebase.

Playbox Toy Store - A full-stack website that offers users to browse toys and authenticated access to create, update and delete toys. [Livesite](#) | Code Repositories: [Client](#) | [Server](#)

Main Features:

- Logged-in users can view and access the toys they have added to the collection.
- Enables users to manage their toy collection by adding, updating and deleting toys.
- Integration of MongoDB as the database backend for toy data storage and retrieval.

Technologies: Tailwind, DaisyUI, ReactJS, ExpressJS, MongoDB, Firebase.

Culine Food Recipe - A frontend site having a variety of Italian recipes from renowned chefs. [Livesite](#) | Code Repositories: [Client](#) | [Server](#)

Main Features:

- User registration and authentication system for secure access to the platform.
- Access to chef information provided to logged-in users to ensure privacy.
- Integration between the server and client-side for efficient data retrieval.

Technologies: Bootstrap, React Bootstrap, ReactJS, ExpressJS, Firebase.

EDUCATION

Computer Science and Engineering 2018 - Present

Rajshahi University of Engineering & Technology

LANGUAGE

Bengali (Native) | English (Intermediate)
